

Information for Nominating Organisations

Funding for voyages through our various funding schemes is made available through our network of youth and community organisations. We rely on these “Nominating Organisations” to identify young people that are in need of and will benefit from our funded opportunities. They are able to offer important support to trainees during their preparation for voyages and when they return from the voyage. This helps to maximise the benefits of the experience for the participants.

We believe that every trainee should contribute something to the cost of their experience to ensure a personal buy-in and ownership of the voyage. However in very special circumstances where finances are very difficult this can be discussed for review with the nominating organisations. The Nominating Organisation may assist in fundraising or sponsoring some or all of the trainee’s contribution towards the cost of their voyage.

Most importantly the Nominating Organisations act as a referee for the trainees and can provide us with important information regarding their background and special support requirements, any behavioural issues or medical issues. We rely heavily on this information to ensure that ship operators are fully aware of this important information. We do our utmost to cater for all needs and requirements and do not wish to exclude any young people due to any of the information provided but it is vital for us to have access to it for the safety and well-being of all involved.

Organisations can sign up for membership of Sail Training Ireland as a “Nominating Organisation” for a nominal fee of €20 per year. Any organisation that works with young people is eligible. Once you are a member you can nominate young people to participate in our voyage schemes and to apply for funding.

Your membership ensures that information on funding and bursaries for sail training opportunities is sent to you through our network. (This may be specific to your area or the young people that you work with)

The benefits include:

- Access to trainee funding
- Early notification of upcoming voyages
- Reservation of berths on board (Contracted)
- Quarterly newsletter

Please contact info@sailtrainingireland.com for more information.
