

Kit List – Tall Ship Leader

GENERAL INFORMATION

Warm and waterproof clothing is very important, as it can get very cold during sailing, especially at night, even in the summer. A waterproof and windproof jacket is recommended to help keep warm and dry (think what you would wear at home on a cold wet windy day). Waterproof rubber soled boots or shoes are also recommended to keep your feet dry and warm. Pack comfortable and practical clothing for all weather circumstances, the key is layers!! It is recommended to pack in a soft bag that can be easily stored away as there is no locker room on board for suitcases.

Electricity on board is UK 3 pin sockets, please be sure to bring any adaptors you may need.

Please also note there is a non-smoking and no recreational drugs policy on board Tall Ship Maybe.

List of items we recommend you bring with you; these are not mandatory.
