## How to find LEADER in Bangor

Google Maps: <https://goo.gl/maps/JnMQ4piKhmrMW4kn7>

Eisenhower Pier, Seacliff Rd, Bangor BT20 5EZ

**You can walk along the pier, directly to the boat**

### Boat Phone

Let us know if you are running late, or are having trouble finding us in the harbour. Please keep contact specific to voyage logistics that the crew onboard can assist you with, and not general enquires for the office.

We encourage guests to leave the boat phone with their emergency contact onshore, should they need to reach you.

**BOAT PHONE**  
**+447716173366**

### **Marine Traffic & Vessel Finder**

You can find LEADER via our AIS (Automatic Identification System) transponder, which is capable of broadcasting our position at sea, plus some other information (like speed, direction, destination and the boat's details). Use an online platform, like *Marine Traffic* or *Vessel Finder*, to find this information.

Feel free to share these details with your family, friends or on social media so they can follow along on your travels!

On both websites/apps, use the search bar to look for "**LEADER**" and select the **SAILING VESSEL** registered to the **UNITED KINGDOM**.
